The taxes have been extended to February in order to give the few who are behind an opportunity to pay without penalty. As far as this county is concerned the extension will not benefit many. The treasurer has collected within two thousand dollars of the whole amount to be collected, which is a very close collection, and we doubt if he will be able to collect much more than one-fourth still remaining unpaid without issuing executions.

Major Green, colored, who was arrested in Manning not long ago, charged with being a party to the murder of Mr. H. H. Paulding at Fort Motte on the night of December 17th, last, was tried in Orangeburg last Friday and found guilty. Green was one of the five tried on the same charge, and three were acquitted. Taylor, who was arrested in Manning with Green, is among the three acquitted. Major Green and Warley Wynn will pay the death penalty for a cowardly murder. Wynn confessed his crime and the finding of the dead man's watch in Green's trunk in Manning is what wound the evidence of guilt around his neck.

Mr. T. Z. Niles of Byron, Ark., says: "My daughter had been chills about nine months and I had used four different kinds of medicine, but nothing helped her. She did not cure. I am not willing to be without Ramon's Chilli Tonic and Pills. For sale by Dr. W. M. Brockinton, Manning, S. C.

Our Representatives.

The first week of the Legislature has gone on as was expected very little of great importance was accomplished. The lower house has been flooded with bills and these were assigned to the proper committees. The bill to extend the collection of taxes to February 28th passed with an amendment to return penalties collected. A bill to permit the civil court to open in this county immediately after the criminal court finishes its work has received a favorable report and is now before the Senate with a strong probability of passing. A bill to exempt Clarendon from requiring a license to traffic in seed cotton was unfavorably reported on, but placed upon the calendar. [Since writing the above the bill has been killed.]

The following representatives were at their posts of duty at the opening of the session and stand ready to look after all interests affecting the county with a disposition to help the county and itself. A delegation meeting a policy was outlined and if followed as we believe it will be, there will be no friction and all four representatives will pull together for the county's welfare.

The general scope of legislation will be found on another page and we hope our readers will follow the proceedings closely, and if at any time any suggestions to the representatives are desired we can speak for the whole delegation when we say that suggestions from home are invited and will receive due consideration.

The writer will endeavor to send an interesting letter to THE TIMES every week and we hope when this session ends the people will be able to say they are not disappointed in the Clarendon delegation.

Our representatives have been assigned to the following committees:

Senator Appelt—Contingent Accounts, Engrossed Bills, Medical Affairs, Military, Printing.

Hon. H. B. Richardson—Commerce and Manufactures, Public Schools.

Hon. I. M. Woods—Federal Relations, Medical Affairs.

Hon. Geo. R. Jones—State House and Grounds, Mines and Mining.

How to Enjoy Life.

I cannot speak too highly of Ramon's Liver Pills & Tonic Pellets. After trying a great many remedies and finding no relief I was told to try Ramon's Liver Pills and Tonic Pellets, and after the first dose I felt better, though I kept up the use as directed, and now I can eat anything I want to and am not bothered with that soreness and fullness in the stomach. I can safely recommend them to all sufferers from indigestion and liver complaint.—J. P. Nash, Bills, Ark. For sale by Dr. W. M. Brockinton, Manning, S. C.

A Card From C. W. Kendall.

We feel it our duty right here at the beginning of this new year to thank our friends and neighbors for the liberal patronage during the past year. The times were very hard, indeed, and money was scarce, but with all that we did very near twice the business this last year than the year preceding it.

We have always tried to give you the best goods at the lowest prices the markets could afford.

Our millinery department was quite a success at first, but being encouraged by some of our lady friends, we went into it and we had several ladies to tell us our \$2 hats were much nicer than some at other places in town for \$3 and \$3. Our millinery will be here from Baltimore in due time for next spring and we will show you a much nicer line than has ever been here before.

Some of our competitors may try to convince you to trade with them and not us. They have been telling you falsehoods and will tell you anything, regardless of principle, just to keep you from trading with us. Why, just today a young man came in our store and said he had been in another store in town looking at some shoes and he told the man he wanted to come to the Racket Store to trade, or for the shoes anyway, and the young man told him if he came to the Racket for shoes, just as soon as he walked out on the street the bottoms would fall out, as that was the kind of shoes he sold, and "bless your soul," he sold him the very same shoe for \$1.12 that we sold for \$1 (oil tan creoles). I wonder if the bottoms would fall out of his.

That's the way they do. Pity the poor merchant that can't sell you anything without continually talking about some other man's goods. He will hear watching. When you buy anything from us, if it does not prove to be as represented, we will refund your money.

I am going up North in a few weeks to buy my spring stock, and in order to make room for it, I will sell you some winter goods very cheap, at a sacrifice. Gain I thank you for the past favors and ask for a continuance of same. You will hear from me later.

Yours for fair dealings,

C. W. KENDALL, The Racket Man.

Made A Good Thing.

The correspondent of The News and Courier has this to say of Senator Appelt's effort to exempt Clarendon County from the operations of the seed cotton license law.

Senator Appelt made an earnest plea for his bill. He said that the people of his county desired to traffic in seed cotton without being required to procure a license, and that the question had been made an issue in the past campaign. He said the law was not observed, was not enforced, and could not be enforced; that Williamsburg County was exempt from the license, and that that injured Clarendon County, which adjoined Williamsburg. That it was a purely local matter, and he urged the Senators to vote for the measure.

Packsville Paragraphs.

Editor THE TIMES:

The following students of the Senior department of Packsville Academy have successfully passed the regular monthly examination, with the following result and will form the roll of honor for the ensuing month:

Johnnie Barwick, 98; Louise McKnight, 98; Elma Geddings, 95; Minnie Curtis, 95; Viola Corbett, 95; Bessie Corbett, 94; Maggie Corbett, 93; Henry Curtis, 93; Nannie Corbett, 92; Polly Barwick, 92; Richard Brown, 90; Irene Touchberry, 89; Eunice Broadway, 87; Myra Owen, 87; Carrie McLeod, 87; Willie Bradham, 84; Patrick Hodge, 84; Frances Stokes, 82; Jack Hodge, 70; Johnnie McKnight, 65.

Mr. and Mrs. Geo. H. Curtis spent Sunday with the latter's mother near Summerton.

Mrs. Laura Peary is visiting relatives in Columbia.

Mr. Robert Culp of Calvary conducted prayer-meeting service in the Baptist church Sunday night.

Last Sunday night while at prayer-meeting at the Methodist church some thieves scoundrel stole Joe Hodge's horse and carried him several miles away and, no doubt, fearing he might be caught, left the horse in the road.

Mr. Iverson Mims of Silver visited friends here yesterday, also the handsome and gallant Willie and Robbie Briggs met in appearance.

Misses Lula Rivers and Leila Geddings have been visiting their friend, Miss Elma Geddings. We were very much pleased to have them call on us in school last Tuesday.

The Misses E. B. Manning have been on a visit to their sister here.

We regret to chronicle the serious illness of Miss Addie Parsons at the home of her brother-in-law, Mr. John Thomas.

Mrs. C. P. McKnight, who has been keeping house for her brother, Mr. C. L. Cuttino, for the past year, has moved to her country home, two miles away.

Mr. T. P. Cuttino of Manning spent a few days in town last week.

The many friends of Miss Eva Curtis will be pleased to know that she will entertain them in the near future by giving an excellent birthday party.

Briggs of Silver spent Thursday here at the home of their teacher. Though young, they are possessed of remarkable musical talent and are quite interesting and entertaining.

Guess what young lady resolved a resolution, vowed a vow and swore off last Sunday night.

One young man says Summerton is the garden spot of the world and he is not possessed with a "y" either.

We are a little envious of Mr. R. J. Bradham for the valuable present he received a few days ago—a nice horse and buggy—the donor being his generous and venerable father, Sheriff D. J. Bradham.

We are glad to welcome Mr. T. M. Mounce to the ranks as salesmen in the store of Mr. D. M. Bradham.

We have been reliably informed that the Atlantic Coast Line will ere long be extended from Sumter to Camden, a distance of thirty miles, which means much better accommodation to the Wilson and Summerton branch. Certainly this is a step in the right direction.

Much has been said about the petrifaction man which has been exhibited almost everywhere and profited his owner, Mr. Buff of Lexington county, considerable pocket change, now appears in Germany and proves to be a fake, made of lime and clay salicatus.

Suppose Mr. Buff was his creator, he came very near making him from the same material that all other human beings were made of—clay—but we are not sure about the lime and salicatus. However, they got the money.

Next week we hope to guess who will be the next couple to be married. Some things look suspicious, yet if we guess wrong then, we will order a young minister who is single and when we will not doubt a "match."
